

Putnam 18-C Base Charging Station™

Designed to charge, store and secure up to 18 Chromebook, small laptop or tablet devices.

Specs: 31" (H) x 16" (W) x 17.9" (D) | 77 lbs

LocknCharge makes life easier.

Numbered Slots. By assigning each device its own slot number, it's easy to know which devices are missing at the end of the day with only a quick glance inside the Charging Station.

Kiss Those Tangled Cords Goodbye.

It's virtually impossible to tangle the charging cables in the Putnam 18-C Base Charging Station. The cords are just the right length to reach each device—no more, no less, no mess.

Organized Cable Management. The Putnam 18-C Base Charging Station has a removable side panel to easily access power bricks. The Power Module is pre-fitted with elastic straps for holding your power bricks in place, while neatly routing cables through to each shelf and is removable and replaceable for future upgrades.

No Keys to Worry About. With an integrated mechanical combination lock, there are no keys to worry about. In the event of a forgotten combination, we've included a master override key.

Simplified Workflow

Save Time by Sharing Responsibility.

By assigning a numbered slot to every student, each student can take ownership of plugging in their device. All the teacher has to be responsible for is unlocking the station in the morning and locking it up at the end of the day.

Stackable Design.

Larger classes can utilize two Putnam 18-C Bases for a total of 36 slots. To save on space, stack them on top of one another—or if congestion around the station is your main concern, simply place multiple Putnams in different areas of the room to spread out the distribution of devices.

Additional Key Benefits

Compatible & Efficient.¹ Designed specifically for Chromebooks, small laptops or tablets up to 13". The Putnam 18-C Base Charging Station can charge 18 devices simultaneously.

Case or no case.¹ Slot dimensions are optimized to work with most cases and covers.

Itty Bitty Footprint. The tall, slim design of the Putnam 18-C Base is ultra compact, saving valuable real estate in space-strapped classrooms.

Wall Mountable. Putnam Charging Stations have an optional wall-mounting kit available (sold separately) that allows you to mount the unit directly to the wall.

Optional Pedestal. An optional pedestal allows you to charge 36 devices (two stacked Putnam 18-C Bases) with one outlet plug. It also keeps the unit higher off the floor so you don't have to bend down as far to access devices on the bottom shelves.

Tough as Nails. Fully-welded steel construction and a built-in mechanical combination lock make this Charging Station ultra secure. It's also backed by a lifetime warranty worth writing home about.

Peace of Mind. Set your own 4-digit PIN code on the mechanical combination lock and rest assured knowing the Putnam 18-C Base Charging Station will keep your devices safe, organized and secure.
